Meet Your Next Business Growth Partner.

Egnyte is a global leader in cloud-based file sharing and data security. Thousands of companies trust us for an efficient, reliable, and secure way of accessing and sharing files without an on-premises file server.

Discover why MSPs love us.

We love MSPs, too. Our MSP Partner Program gives you exclusive access to tools and resources designed to build your authority as a security-forward provider, reach new customers, and increase your profits.

Are you ready to grow your business? Let's meet.

Get a $50 Amazon Gift Card and 5 NFR licenses when you register!
