Acronis

#CyberFit Summit 2022

Results-focused sessions for modern MSPs

- Hear leading enterprise CISOs discuss what they really need now
- Explore disaster recovery: from compliance to recovery
- See the latest updates and successes with EDR, DLP, and more
- Drive profits with automation and delivery
- Experience the growth and marketing track – NEW for 2022
- Expand your client base with cybersecurity-first services
- Eliminate the email vector – lower client risk and incidents

World-class speakers

Connect with the best! Enhance your cyber protection offerings and talent stack with advice from the top channel, cybersecurity and technology experts.

Keeping Acronis MSP partners #CyberFit
